

HYUSEIN DURMUSH HYUSEIN

Junior AI-Assisted Developer | Java Backend Background | Remote

Bulgaria | shadycrafthub.com/en/portfolio

github.com/xMrShadyx | LinkedIn: Hyusein Hyusein

PROFILE

Junior developer candidate with previous Java, Spring Boot and MySQL experience on a hotel management system. Uses AI tools to define requirements, build personal projects and iterate through testing and feedback. Seeking a remote junior AI-assisted development, vibe coding or prototyping role; continuing to develop independent coding and debugging skills.

TECHNICAL SKILLS

Programming: Java, Python, HTML, CSS, JavaScript, MySQL; Kotlin/Android exposure through project work.

Tools: Spring Boot, REST APIs, GitHub, Firebase, Android Studio, Linux.

Workflow: Requirements definition, iterative prompting, feature testing and issue reporting.

SELECTED PROJECTS

TaskPulse | Android application | In development

Kotlin/Firebase task manager. Repository v0.8.3 documents task periods, checklists, reminders, calendar views, widgets and cloud backup. Google Calendar integration and an additional 4x2 widget remain roadmap work. Source is private; no public store release claimed.

Minecraft Fabric mods | SP ecosystem | Mixed development stages

AI-assisted Java mod work covering world PIN protection and gameplay systems, with configuration, interfaces and documentation. Published guides distinguish available mods such as World PIN Lock, SP Economy and SP Shop from modules under construction.

Bulgarian-Turkish power-of-attorney web tool | Personal prototype

AI-assisted document workflow using reusable person/vehicle details and document output. A hosted prototype exists; no claim of legal validation or production readiness.

PROFESSIONAL EXPERIENCE

Sports Data Operator (Civil Contract) - Genius Sports | Jul 2026-Present

Live sports-data validation, event monitoring and real-time quality assurance.

Office Manager - Top Rent A Car / Modul EOOD | May 2025-Present; Jan-Oct 2024

Staff, vehicle and shift coordination, reservations, handovers and daily reporting.

Account Manager, After Sales - Top Rent A Car / Modul EOOD | Oct 2024-Apr 2025

Vehicle documentation, maintenance coordination and client communication.

Java Developer - Advance Human Capital EOOD | Sep 2021-May 2022

Worked with Java, Spring Boot and MySQL on a hotel management system.

Earlier roles - Customer Service, Operations & Team Management | 2012-2024

Car rental, customer care, sales and restaurant management.

EDUCATION & LANGUAGES

Advance Academy - Java Developer training (2021). SoftUni - Python Basics and Fundamentals (2020). High School of Transport, Varna - Secondary education (2011).

Turkish: Native | Bulgarian: Fluent | English: Fluent comprehension; intermediate speaking/writing.
